

Architectural & Design Solutions

Attractive | Functional | Engaging

EXPERIENCE

LED-Signs is a leading provider of LED sign technology in Australia. We have been supplying LED signs that are both functional and attractive for over 35 years. Our experience in the industry means that our development, design and manufacturing processes are industry benchmarks.

EXPERTISE

LED-Signs specialises in indoor and outdoor solutions which combine superior design, longevity, and environmental toughness. Our product range includes video super screens, multimedia displays, multi-line & scrolling signs, menu boards, gaming displays and scoreboards.

VERSATILITY

Our versatility means that we can custom design visual display solutions for architects, builders, designers, shopfitters, advertising organisations, signage providers, casinos, clubs, hotels, cinemas, airports, schools, mining and retail organisations.

The versatility and high impact of LED technology lends itself to indoor and outdoor architectural applications.

Our range of signs have the flexibility to adapt to all applications and can display information as well as become a design feature. LED-Signs' architectural and design solutions are suitable for both new developments and refurbishments.

Our architectural solutions include applications for:

- Retail sites
- Hotel, club and entertainment venues
- Tourist precincts
- Commercial and office buildings

Our architectural options include:

- Vertical or horizontal scrolling signs
- In-floor displays
- Large video screen applications
- Curved or ribbon displays
- Menu and welcome boards
- Interactive communication options

Architectural & Design Solutions

Attractive | Functional | Engaging

HIGH IMPACT DESIGN OPTIONS

LED-Signs' architectural and design solutions are developed in close consultation with the client. Our signs are engaging, providing relevant and timely information that can be instantaneously updated or programmed daily, weekly, or monthly to keep information fresh.

Retail Applications

From single line point of sale displays to architectural features and large advertising screens LED-Signs' retail solutions are state of the art and suitable for individual retailers as well as common spaces in large shopping complexes.

Hotel, Club and Entertainment Venues

LED signs add ambience with functionality to any décor by creating a focal point that is both informative and attractive to look at. LED décor displays range from single line scrolling signs to large full colour screens that can provide guests with information about show times and venue facilities.

Tourist Precincts

LED signs make a striking statement while attracting and engaging visitors. From interactive urban art applications to outdoor visual displays and in floor scrolling installations, LED-Signs' architectural solutions are custom designed to meet the specific needs of each client.

Commercial and Office buildings

From high tech welcome boards to scrolling ribbon signs and full colour video walls, LED technology is functional, draws attention to, and enhances the architectural appeal of spaces that can often be rather uninteresting.
