

EXPERIENCE

LED-Signs is a leading provider of LED sign technology in Australia. We have been supplying the school, college and university sector for over 35 years. Our experience in the industry means that our development, design and manufacturing processes are industry benchmarks.

EXPERTISE

LED-Signs specialises in indoor and outdoor solutions which combine superior design, longevity, and environmental toughness. Our product range includes video super screens, multimedia displays, multi-line & scrolling signs, message boards, exam clocks and scoreboards.

VERSATILITY

Our versatility means that we can custom design visual display solutions for advertising organisations, signage providers, casinos, clubs, hotels, cinemas, airports, schools, architects, builders, mining and retail organisations.

MULTI-PURPOSE APPLICATIONS

LED-Signs specialises in supplying multi-purpose LED displays to schools, universities and colleges. Our low power, low maintenance signs are economical to run, easy to operate and highly effective in communicating to students, staff and parent bodies.

Our outdoor applications include pylons, wall fascias and scoreboards while our indoor applications include notice boards, exam clocks and indoor scoreboards.

Our education applications include:

- Outdoor applications
- Indoor and outdoor sporting facility applications
- Notice boards
- Exam time clocks
- Multi-panel LCD applications

Our education applications feature:

- Single and full colour options
- User friendly software interfaces for updating all signs and scoreboards
- Long lifespans (up to 100,000 hours)
- Wireless Technology

ECONOMICAL SOLUTIONS

LED-Signs' range of education systems are low maintenance and economical to run. They are designed to provide accurate and timely information to students, staff and parents.

Outdoor Applications

Outdoor signs provide opportunities to attract attention and promote events to students as well as to passing traffic. Our outdoor applications include pylons and wall fascia signs in a variety of sizes to suit all budgets.

Indoor Scoreboards

LED-Signs' single sport scoreboard applications for basketball, netball or water polo include specifically designed software, as well as countdown and stop clock options. Our signs are available in a number of sizes and can be fitted to almost any facade.

Outdoor Scoreboards

LED-Signs' outdoor scoreboard solutions include single and multiple sport systems for AFL, Soccer, Cricket, Rugby League and Rugby Union. Our scoreboards can be adapted to any sporting application and can be programmed for multiple scoring displays (ie: cricket in the summer & football in the winter).

Notice Boards

Our eye catching LED information and notice boards are designed to display welcome messages, event information, exam times and directions. Data can be easily and instantly updated using our software interface.

Exam and Time Clocks

Our exam clocks are accurate and highly visible, can be set in countdown mode and are easy to control. LED-Signs also offer a range of time and temperature displays.

Multi-Panel LCD Displays

Our range of LCD displays have the world's thinnest bezel allowing almost seamless video display walls to view educational videos or live TV. Our user friendly control software allows content scheduling & multi displays from multiple sources on the one video wall.
