

EXPERIENCE

LED-Signs is a leading provider of LED sign technology in Australia. We have been supplying the finance sector for over 35 years. Our experience in the industry means that our development, design and manufacturing processes are industry benchmarks.

EXPERTISE

LED-Signs specialises in indoor and outdoor solutions which combine superior design, longevity, and environmental toughness. Our product range includes video super screens, multimedia displays, multi-line & scrolling signs, menu boards, gaming displays and scoreboards.

VERSATILITY

Our versatility means that we can custom design visual display solutions for airports, signage providers, clubs, hotels, cinemas, schools, retail, mining and advertising organisations.

LED-Signs' stock price information systems include large building facia displays, stock/trading boards and ticker displays. Our finance industry solutions can interface with existing data systems to display live pricing information.

Our Finance Solutions include:

- Stock/trading price boards
- Ticker displays
- Skysign applications
- Rate and exchange boards
- Information and News Feeds
- Time zone displays

Our finance applications feature:

- Single, tri and full colour displays
- Interfaces to existing data systems
- Scrolling single line signs
- Live price information and news feeds

CUSTOMISED SOLUTIONS

LED-Signs' finance industry solutions can be customised to interface with ASX or other data feeds to display live pricing information, news and other updates in a timely and reliable manner.

Stock/Trading Price Boards

Our multi-colour, multi-line stock price display boards are easily interfaced with data streaming systems to provide continuous, live stock price updates. Signs can include single line scrolling displays for news flashes.

Ticker Displays

LED-Signs' scrolling ticker signs simply interface with live data feeds to display current pricing information. Our ticker signs are suitable for indoor or outdoor applications and are specifically designed to suit each clients' needs.

Skysign Applications

LED-Signs specialises the installation of ultra-bright, highly durable outdoor signs for financial institutions. Our experienced project management team handle everything from custom design, engineering and installation.

Exchange Rate Boards

Our exchange rate display boards are available in standard or customised options. They are easy to update, low maintenance and economical to run.

Information and Advertising

Digital window displays are easily updated and allow financial institutions to display home loan or deposit rates as well as exchange rates and other financial information.

Time Zone Displays

LED-Signs' world clocks display the local time in any number of international locations at the one time. Our clocks are easy to read and supported by software that ensures accuracy.
