

EXPERIENCE

LED-Signs is a leading provider of LED sign technology in Australia. We have been supplying the hotel, club and gaming sector for over 35 years. Our experience in the industry means that our development, design and manufacturing processes are industry benchmarks.

EXPERTISE

LED-Signs specialises in indoor and outdoor solutions which combine superior design, longevity, and environmental toughness. Our product range includes video super screens, multimedia displays, multi-line & scrolling signs, menu boards, gaming displays and scoreboards.

VERSATILITY

Our versatility means that we can custom design visual display solutions for advertising organisations, signage providers, casinos, clubs, hotels, cinemas, airports, schools, architects, builders, mining and retail organisations.

LED-Signs' hospitality applications are highly visible and versatile enough to meet the varied needs of the hotel, club and casino industries.

Our outdoor applications include pylons, wall fascias and car park signage while our indoor applications include menu & directory boards, scrolling signs and gaming displays.

Our hospitality applications include:

- Outdoor applications
- Foyer displays
- Restaurant, bistro and bar applications
- Gaming and jackpot applications
- Décor displays
- Leisure and sport displays

Our hospitality applications feature:

- Message scheduling
- Single and full colour options
- User-friendly software interfaces to gaming displays, menu boards and all information displays

NO COST ADVERTISING & MESSAGING

LED signs allow you to change your advertising messages as often as you like at no cost!

Our range of hospitality systems are low maintenance and economical to run. They are designed to provide accurate and timely information to guests as well as enhance the entertainment experience.

Outdoor Applications

Outdoor pylon signs provide opportunities to attract attention and promote events and specials to passing traffic. Our outdoor applications also include wall fascias, as well as car park signage options.

Foyer Displays

Our eye catching LED information and directory boards are designed to display welcome messages, event information, promotions and directions. Data can be instantly updated using our software interface.

Restaurant, Bistro and Bar Applications

Change menu options and update bar specials as often as required. Our LED menu boards and scrolling signs are flexible, easy to use and have long range visibility.

Gaming and Jackpot Applications

LED-Signs' gaming and jackpot systems are technically advanced and are engineered to accommodate different system providers and machine manufacturers.

Décor Displays

LED signs can add ambience with functionality to your décor by creating a focal point that is both informative and attractive to look at. LED décor displays range from single line scrolling signs to large full colour screens.

Leisure and Sport Displays

Our leisure and sport options range from indoor LED signage to provide gym patrons with information about club facilities and session times, to large outdoor scoreboards that can display scores, replays and sponsor information.
