

EXPERIENCE

LED-Signs is a leading provider of LED sign technology in Australia. We have been supplying sporting clubs, schools and sports venue operators for over 35 years. Our experience in the industry means that our development, design and manufacturing processes are industry benchmarks.

EXPERTISE

LED-Signs specialises in indoor and outdoor solutions which combine superior design, longevity, and environmental toughness. Our product range includes video super screens, multimedia displays, multi-line & scrolling signs, and single & multipurpose scoreboards.

VERSATILITY

Our versatility means that we can custom design visual display solutions for advertising organisations, signage providers, sporting venues, casinos, clubs, hotels, cinemas, airports, schools, architects, builders, mining and retail organisations.

LED-Signs' extensive range of scoreboard solutions include custom engineered scoring functionality for a variety of sports as well as the ability to display advertising and venue promotions.

Our large full colour video display boards incorporate live video and instant replays and are supported by our project coordination services for superstructures and installation.

Our sporting applications include:

- Community Club applications
- AFL, Soccer, Cricket, Rugby, Soccer & Hockey scoreboards
- Basketball, Water Polo & Netball scoreboards
- Stadium applications
- Advertising displays
- Multi-panel LCD applications

Our sporting applications feature:

- Single and full colour options
- Programmable message displays
- Live video and instant replays
- Custom made, user-friendly software interfaces
- The ability to display detailed graphics such as logos and advertising material.

APPLICATIONS FOR ALL SPORTS

LED-Signs provide scoreboard solutions for any sporting application and budget. Our range of scoreboard systems are low maintenance, economical to run, user friendly and will run for up to 100,000 hours.

Scoreboards are controlled using a choice of communication and software options. LED-Signs also develops custom software to suit individual applications.

Community Sporting Clubs

Our community club scoreboards include software specifically designed for AFL, Soccer, Cricket, Rugby League, Rugby Union or Hockey. Additional functionality can include time and temperature displays, countdown clocks and the ability to display sponsored advertising.

AFL, Soccer, Cricket, Rugby & Hockey

LED-Signs' scoreboard systems for AFL, Soccer, Cricket, Rugby League, Rugby Union and Hockey can be designed with a single sport in mind or be programmed for multiple scoring displays (ie: cricket in the summer & football in the winter).

Basketball, Netball & Waterpolo Scoreboards

Single sport applications such as our basketball, netball and waterpolo solutions include custom scoreboard layouts and specifically designed scoring software. Our basketball scoreboards incorporate countdown and stop clock displays and our stadium applications can include live video and instant replays.

Stadium Applications

LED-Signs' stadium applications include the TECNOVISION range of video screens. Our screens are of superior quality, incorporate custom engineered scoring functionality for a variety of sports and have the ability to display live video, instant replays, advertising and venue promotions.

Advertising Displays

Our large range of LED scoreboards include the ability to promote sponsors and events using single line scrolling message signs up to full colour video screens.

Multi-Panel LCD Displays

Our range of LCD screens has the world's thinnest bezel allowing almost seamless video display walls for sports bar applications. Our user friendly software allows content scheduling & multi displays from multiple sources on the one video wall.
