LED SIGNS

Gold Coast Airport
Parking Guidance Display

Gold Coast Airport serves both domestic and international travelers. It is Australia's 4th busiest international airport and has parking for over 2,500 vehicles.
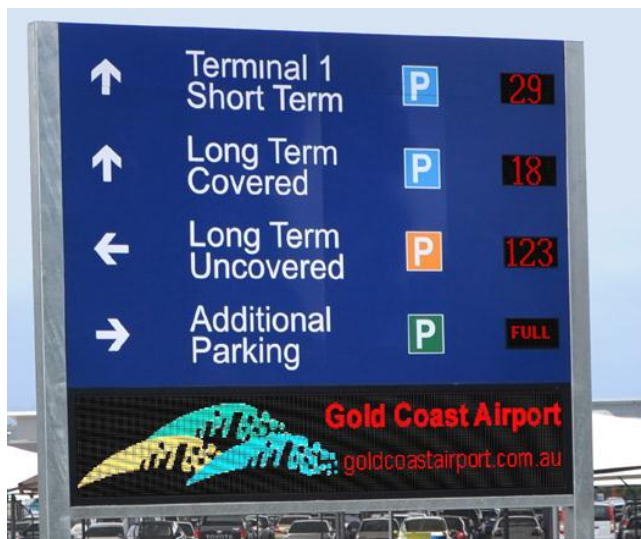

Location:
Gold Coast Airport, Coolangatta, QLD

Brief:
Design, supply and install a car park guidance sign that is capable of displaying live parking availability and directional information for 4 separate parking stations.

Solution:
- Four red, outdoor, availability LED displays
- One 0.95m by 4.55m, RGB outdoor LED graphic advertising display
- Custom software interface to Sabar parking guidance system
- 3.85m x 4.55m custom designed sign, plus superstructure design, engineering and installation
