LED SIGNS

South Melbourne
## Parking Guidance Display

Location:

South Melbourne, VIC

Brief:

Design, supply and install a series of car park guidance signs that are capable of displaying live parking availability and directional information for a number of council parking stations managed in the South Melbourne area.

Solution:

- 9 single colour (yellow), 12mm pitch, outdoor, availability LED displays
- Custom designed signs, structure design, engineering and installation for the 3 signage locations
- Communication and software interface to CDS Worldwide parking guidance system
